Pam,

Well another year has just
about pass by and its always
a pleasure having you around as
a great friend. I've known you
for many years and I'm glad.
I remember the good times we
have had. I can't hardly wait
until Nov. when we hope to go
on our trip. Its been many years
since I have been knowing you
around here at Negreet High. I think
you + Tom will be great together at
the Banquet. I wish you lots of
luck in the future. I'm really
glad we have one more year in school.
Take care and always smile.

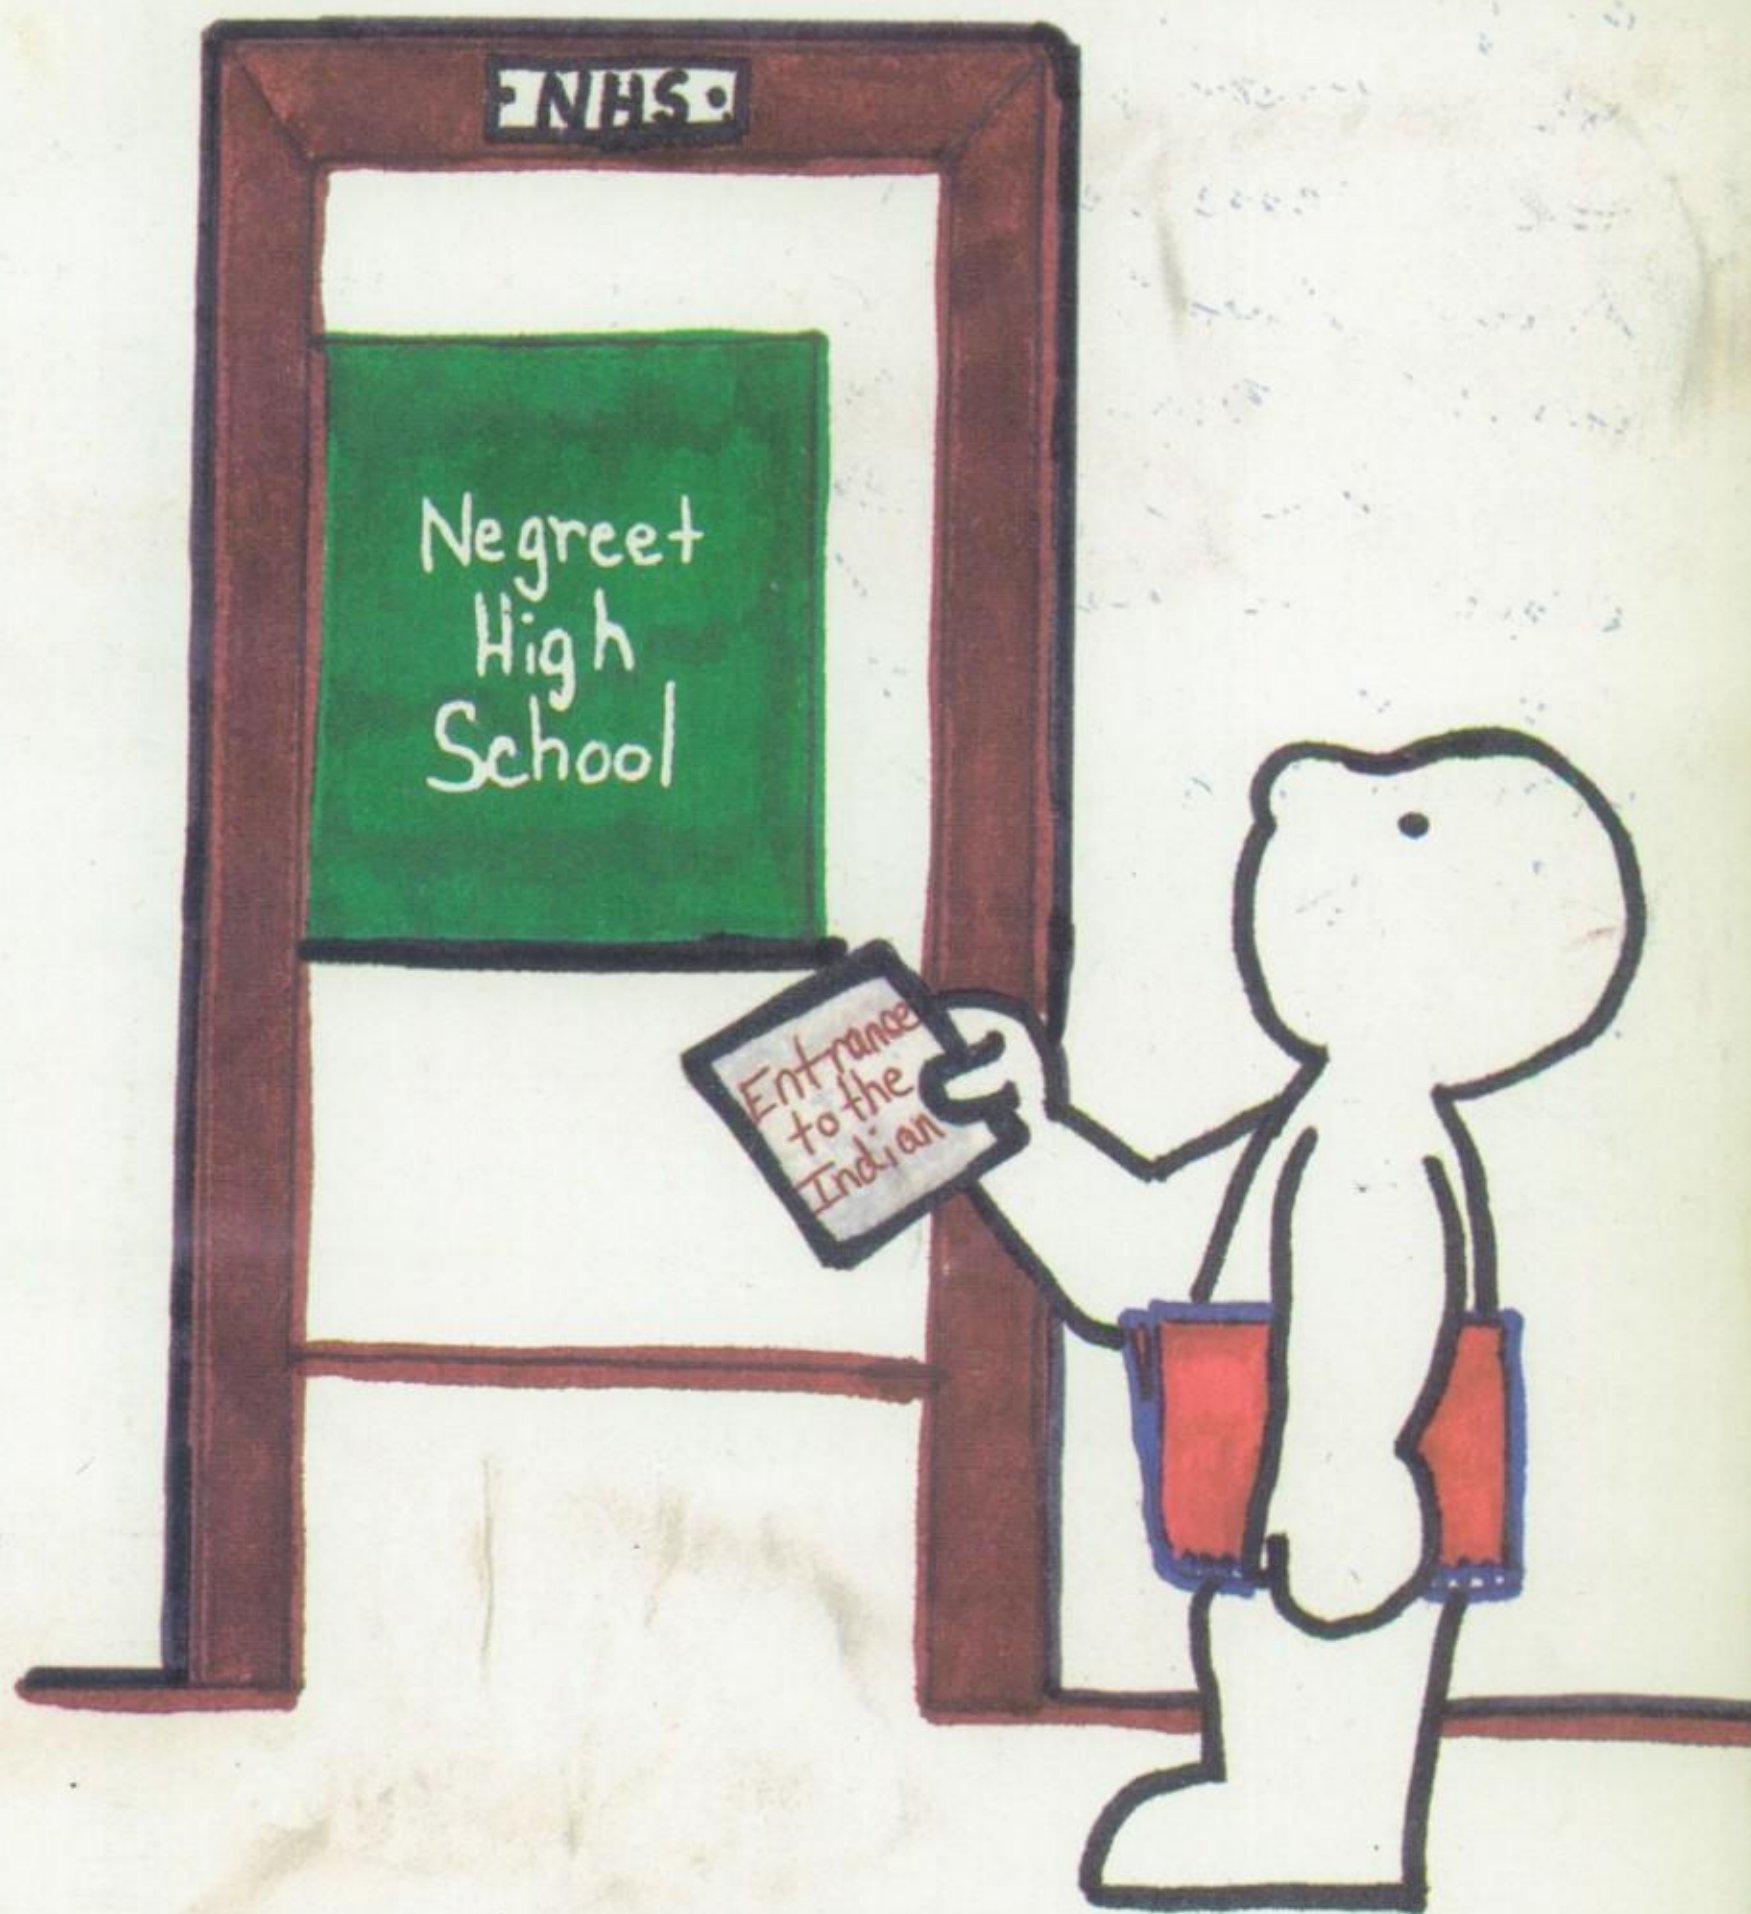

Love ya,

Margie

THE INDIAN

1982

DEDICATION

Mrs. Vickie Cheatwood

The 1981-82 edition of *The Indian* is dedicated to a person who is very much respected and admired. She has been a part of Negreet School for many years, both as a student and as a teacher. Although a leader, she is also a friend. She is helpful to many whether it's by sewing a kindergartner's pants, or by advising a high school student on a problem.

The dedication of our yearbook is a very small way for us to say "thank you" and show our great appreciation to this person for all the years of dedication, hard work, and love.

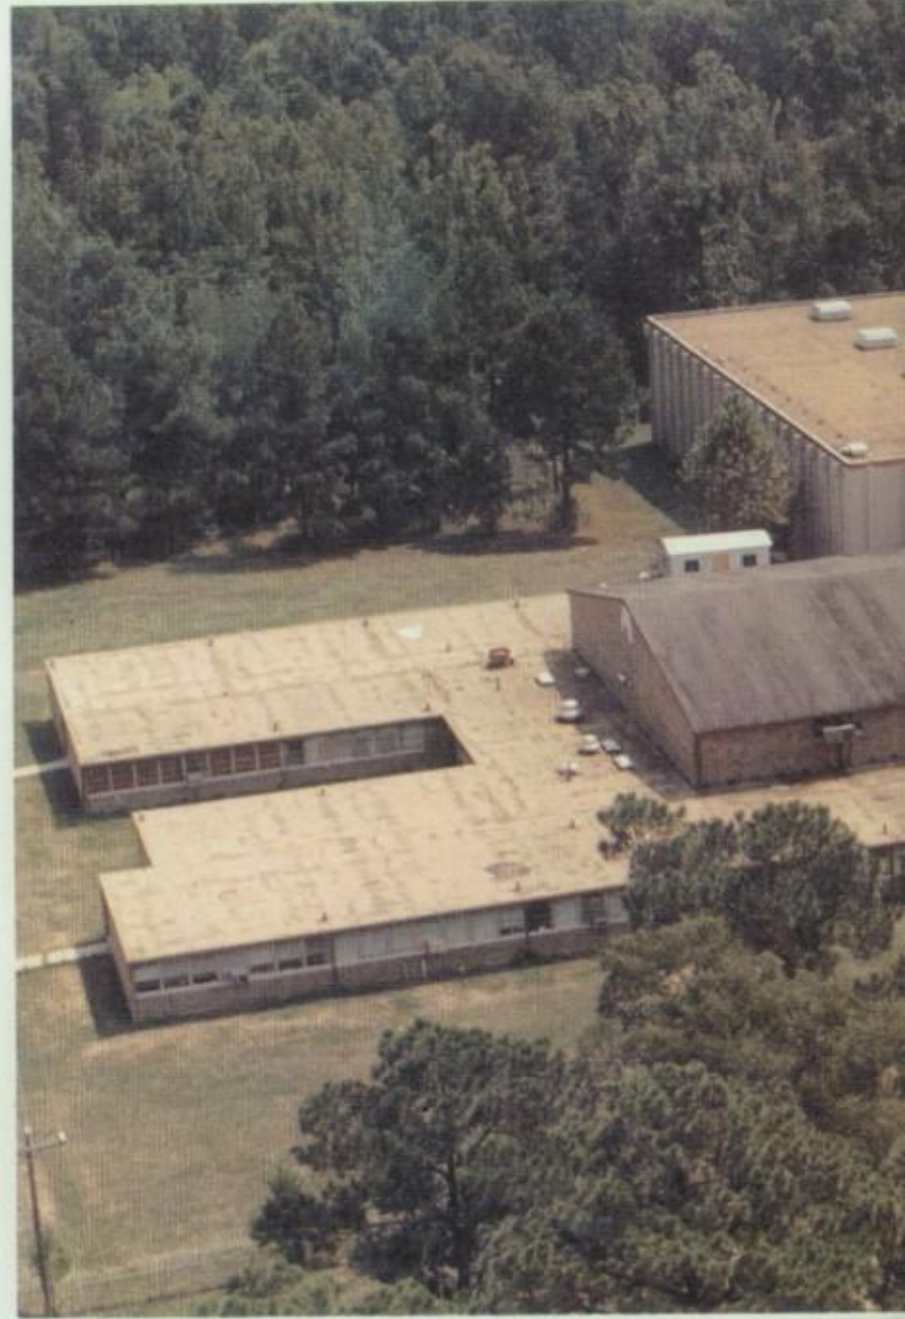

Mrs. Vickie Cheatwood is married to Kenneth Cheatwood and they have two children, Brandy and Daniel. Mrs. Cheatwood received her B.A. degree from Northwestern State University in Home Economics after completing her high school education at Negreet.

We, the 1981-82 staff of the *Indian* take great pride in dedicating our yearbook to:

Mrs. Vickie Cheatwood

*The special goals
We're working towards,*

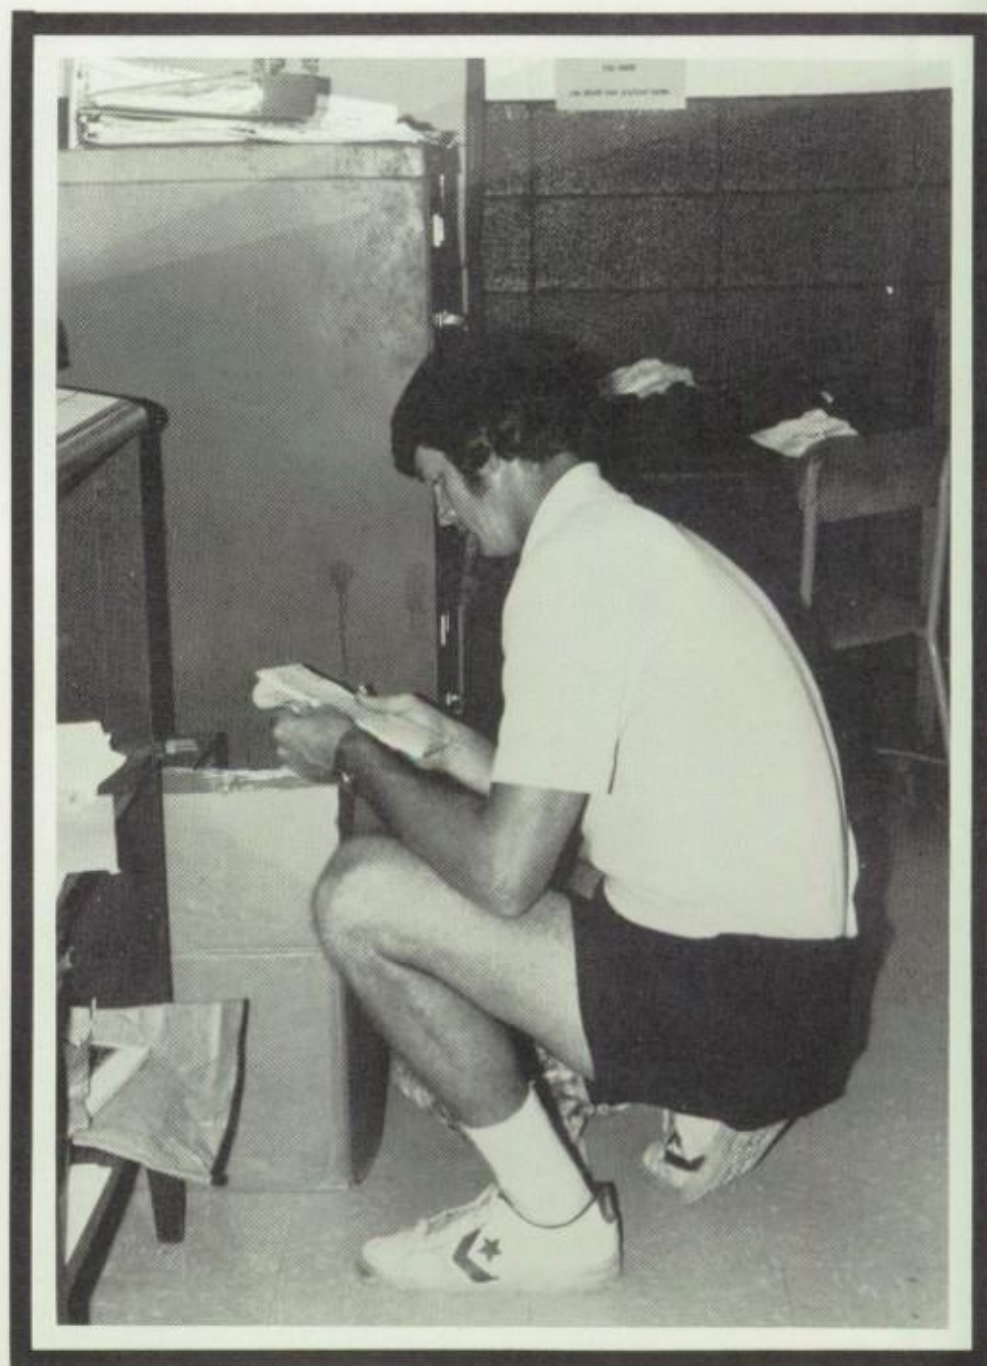

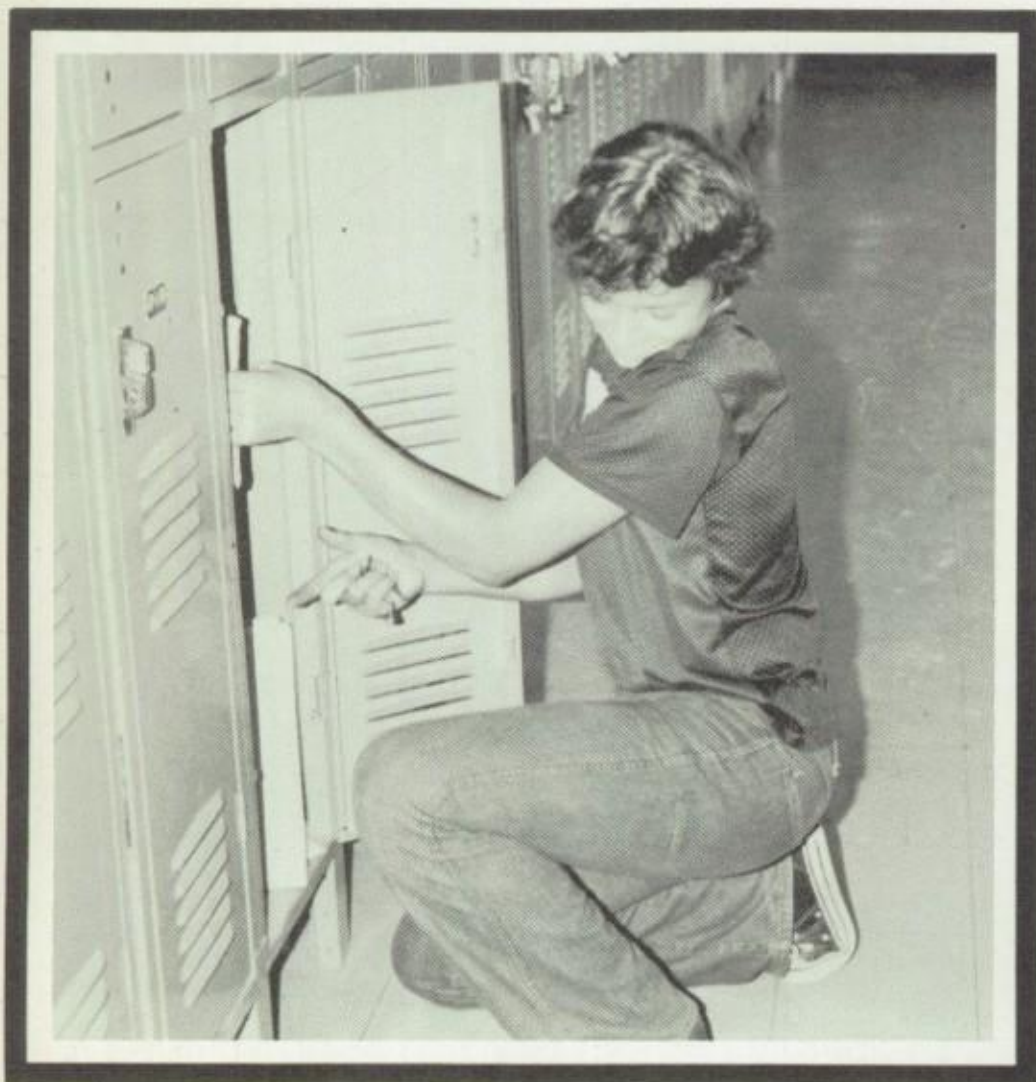

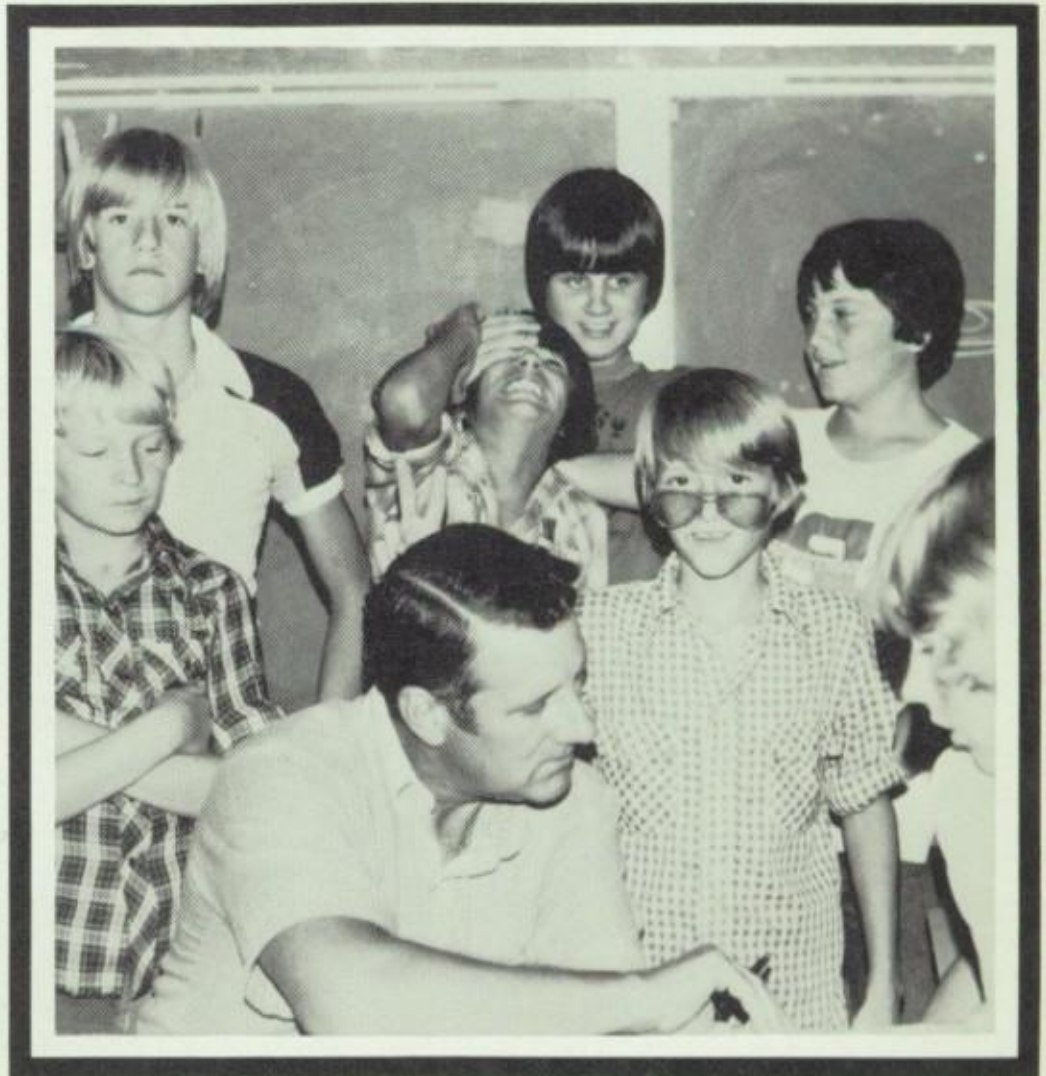

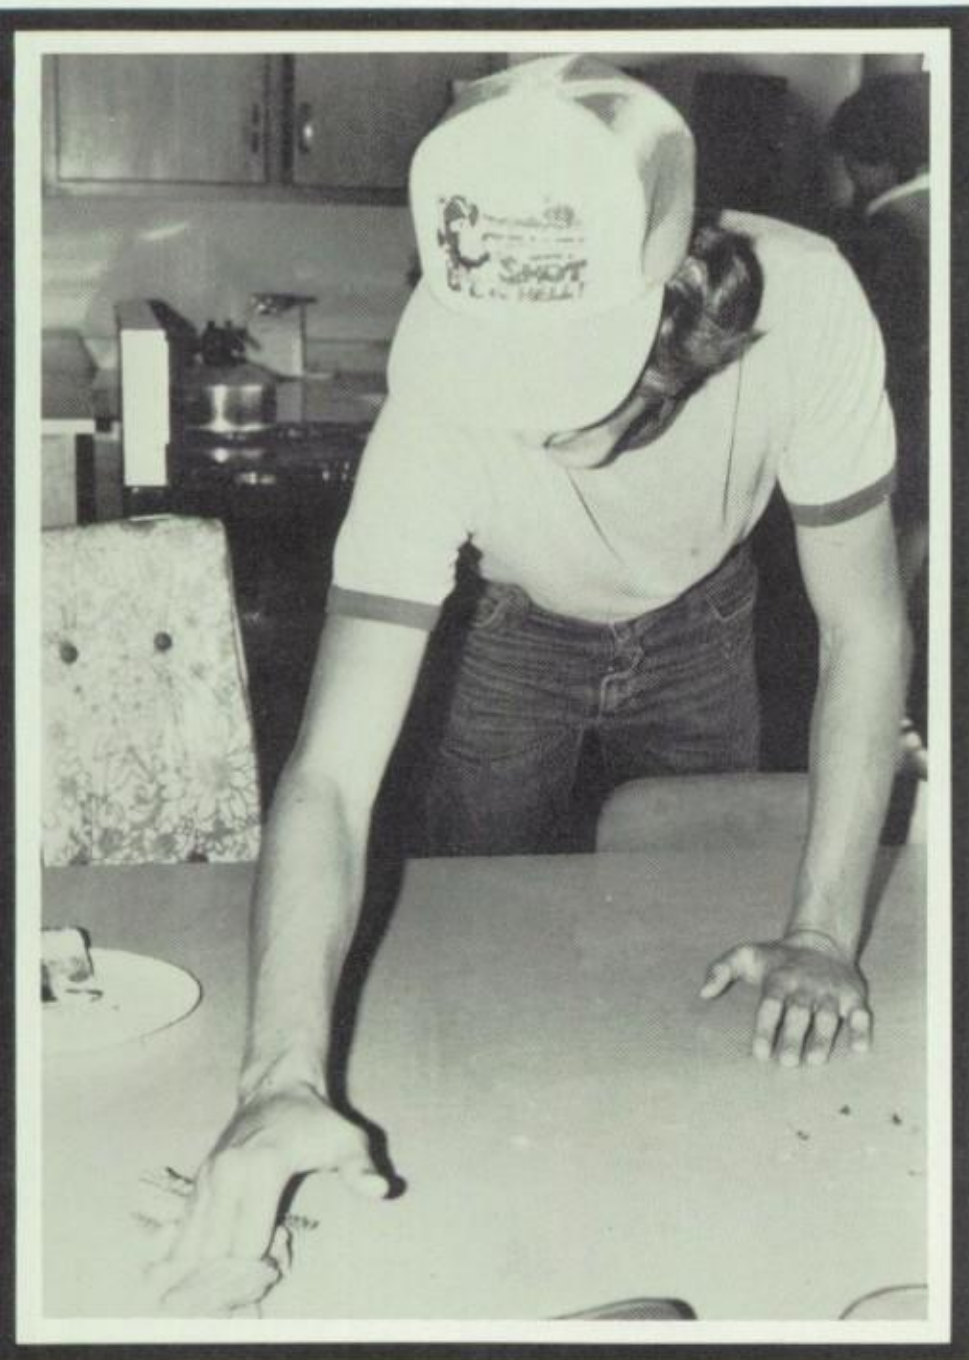

*Bring happiness and
great rewards.*

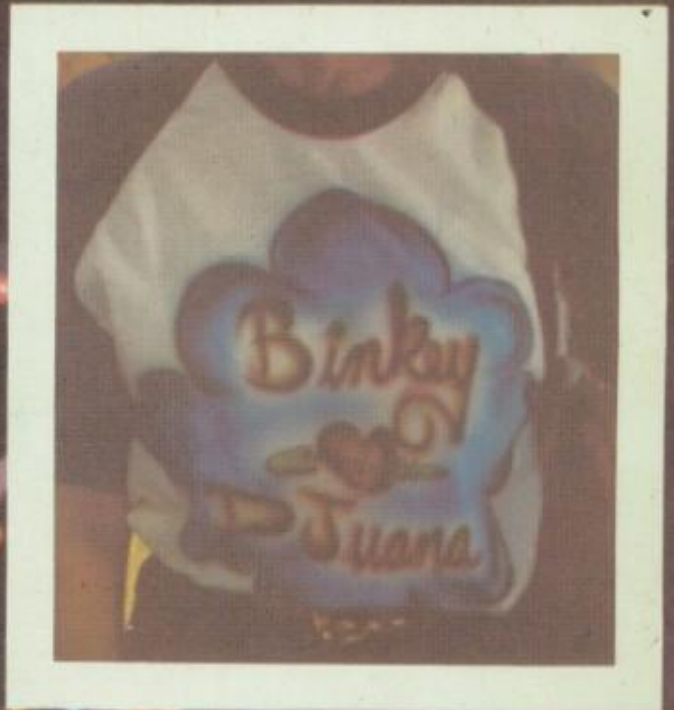

*I have no yesterdays,
Time took them away,*

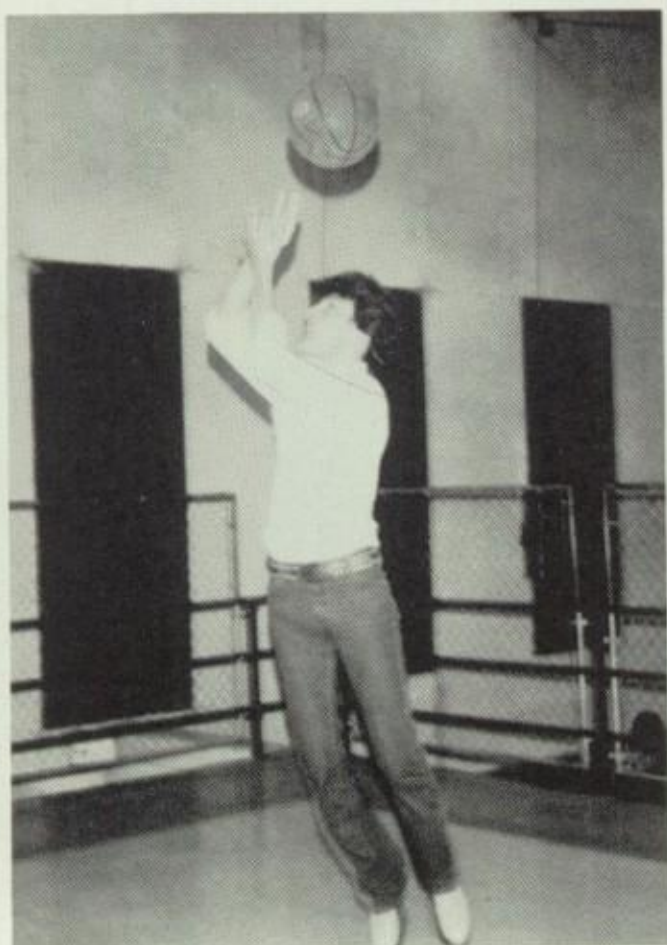

*Tomorrow may not be
But I have today.*

*Friendship, love, and so much
more are joys we can be thankful
for.*

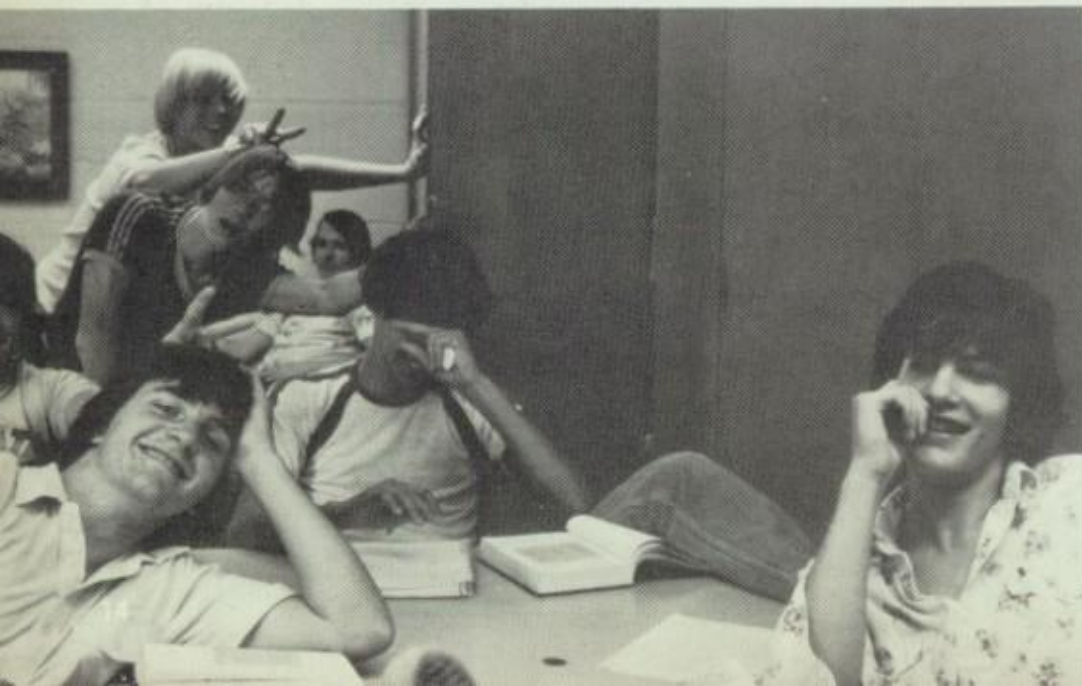

*The Only Way To Have Friends
Is To Be One*

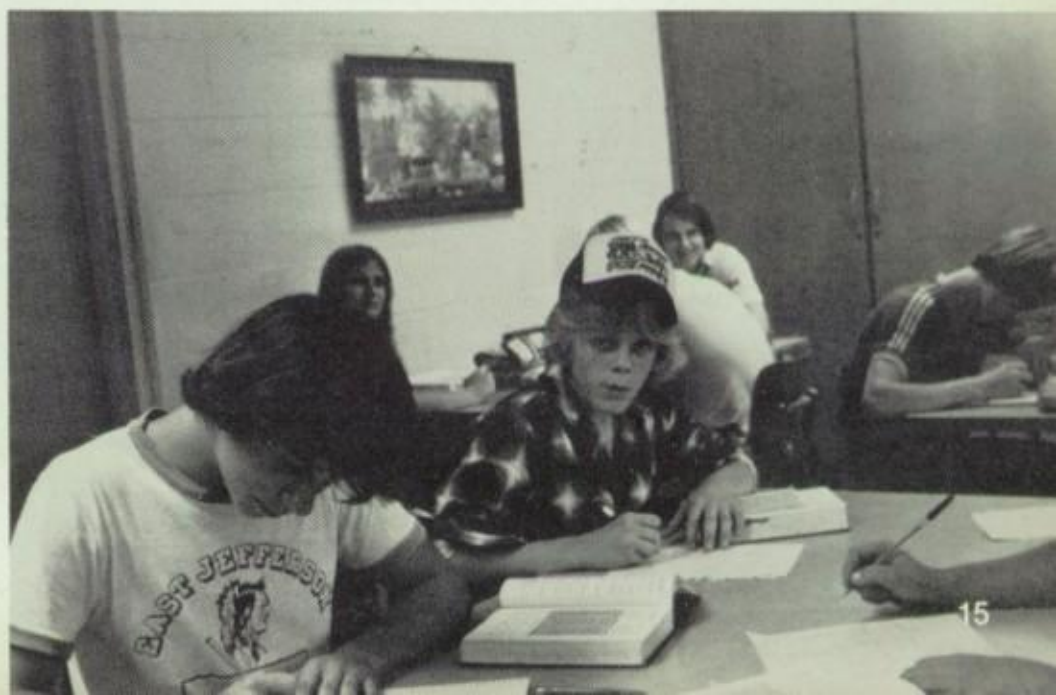

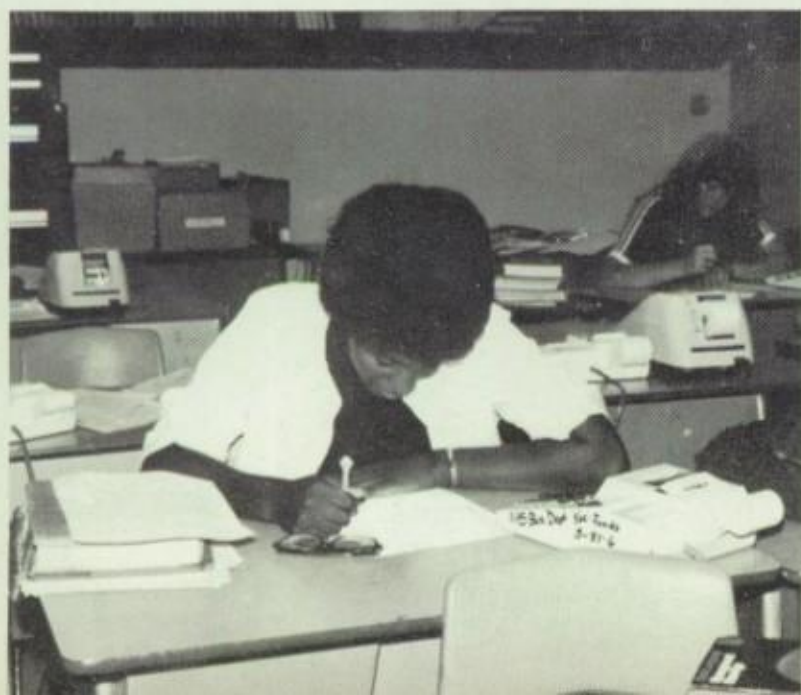

*Though in some distant
time
We may not be
together,
We still shall keep our
memories dear
And cherish them
forever.*

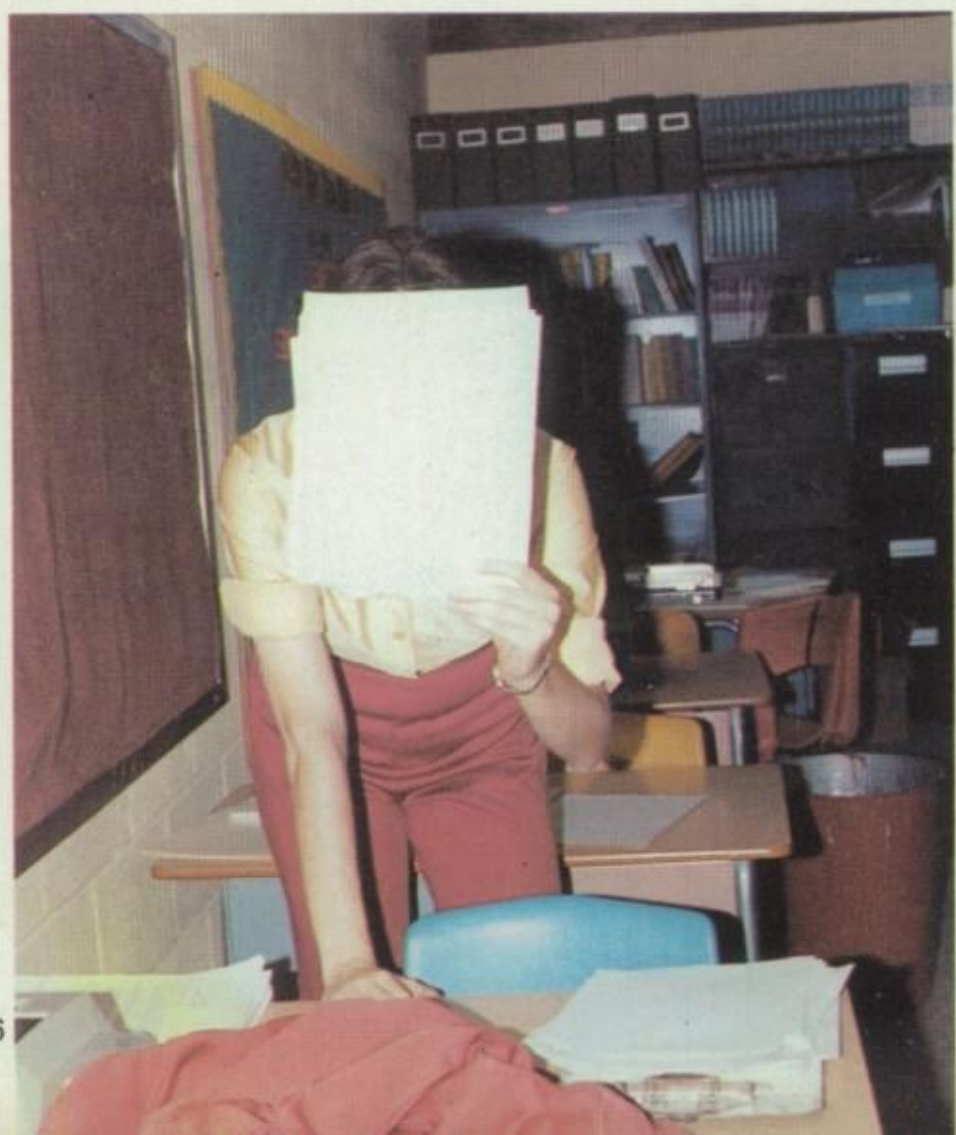

*As the years go by,
We often find
That our school friends
Are the nicest kind.*

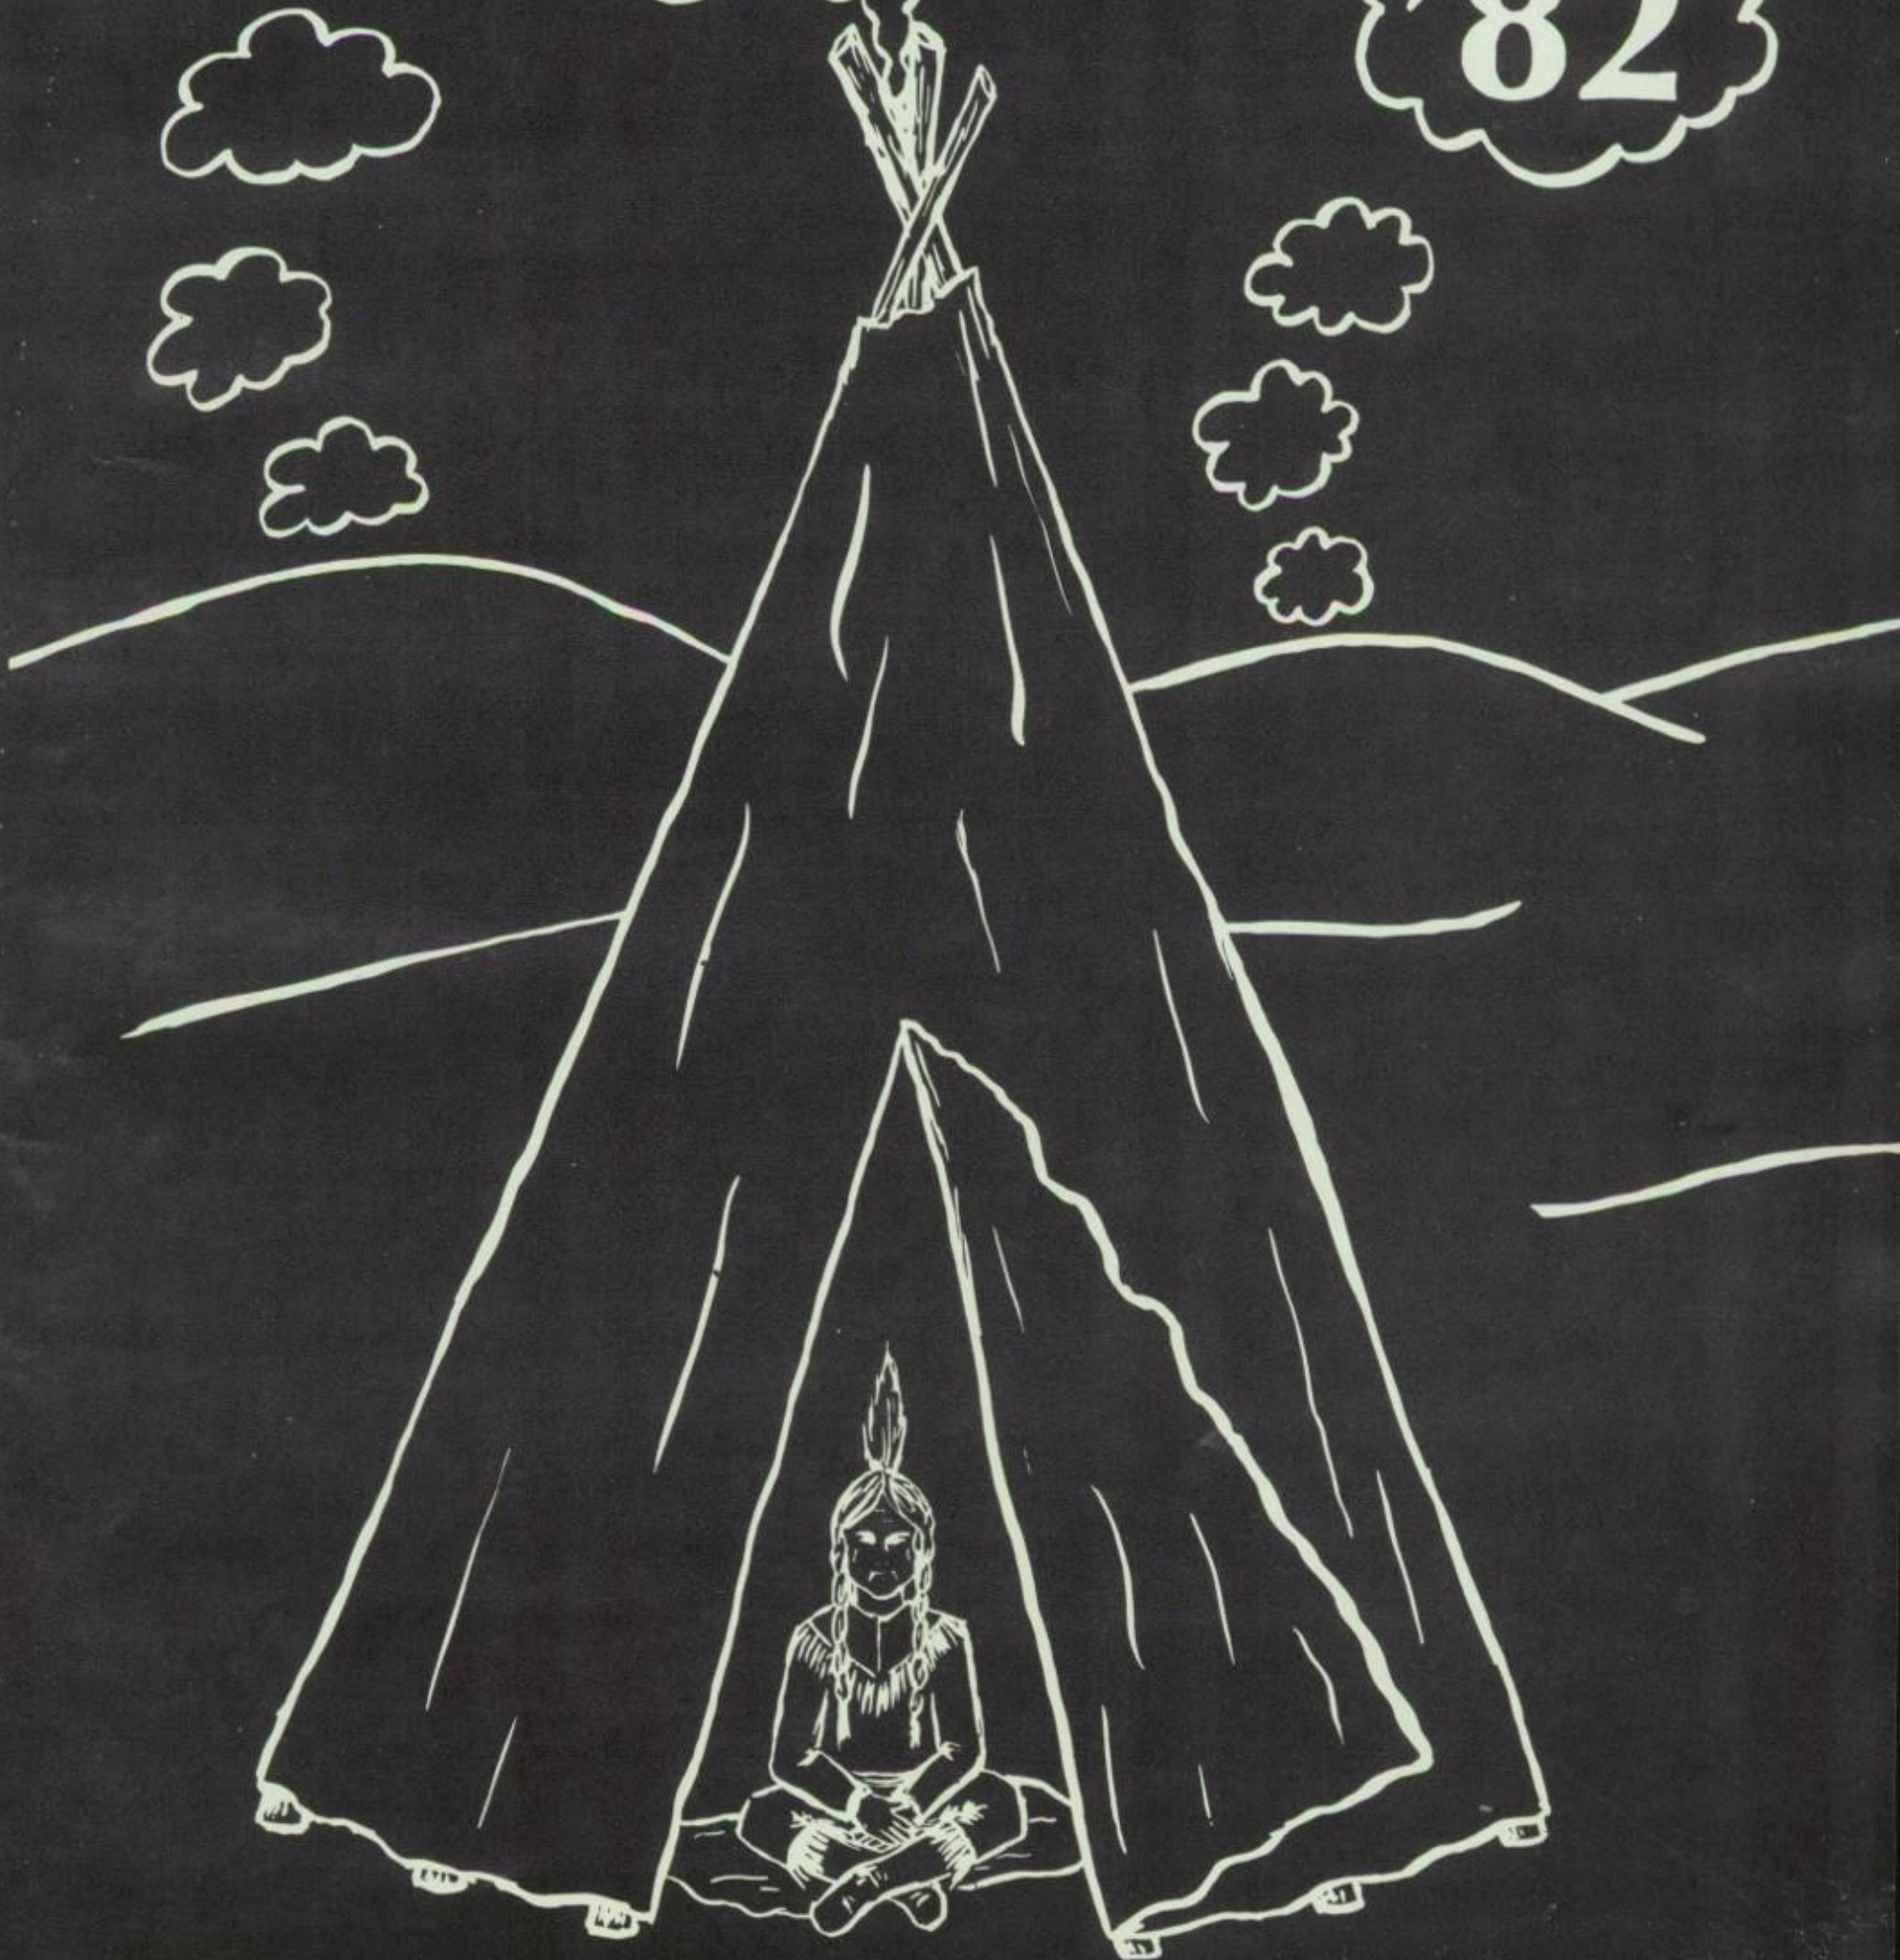

*The future belongs
to those who prepare
for it.*

Coaches' Corner

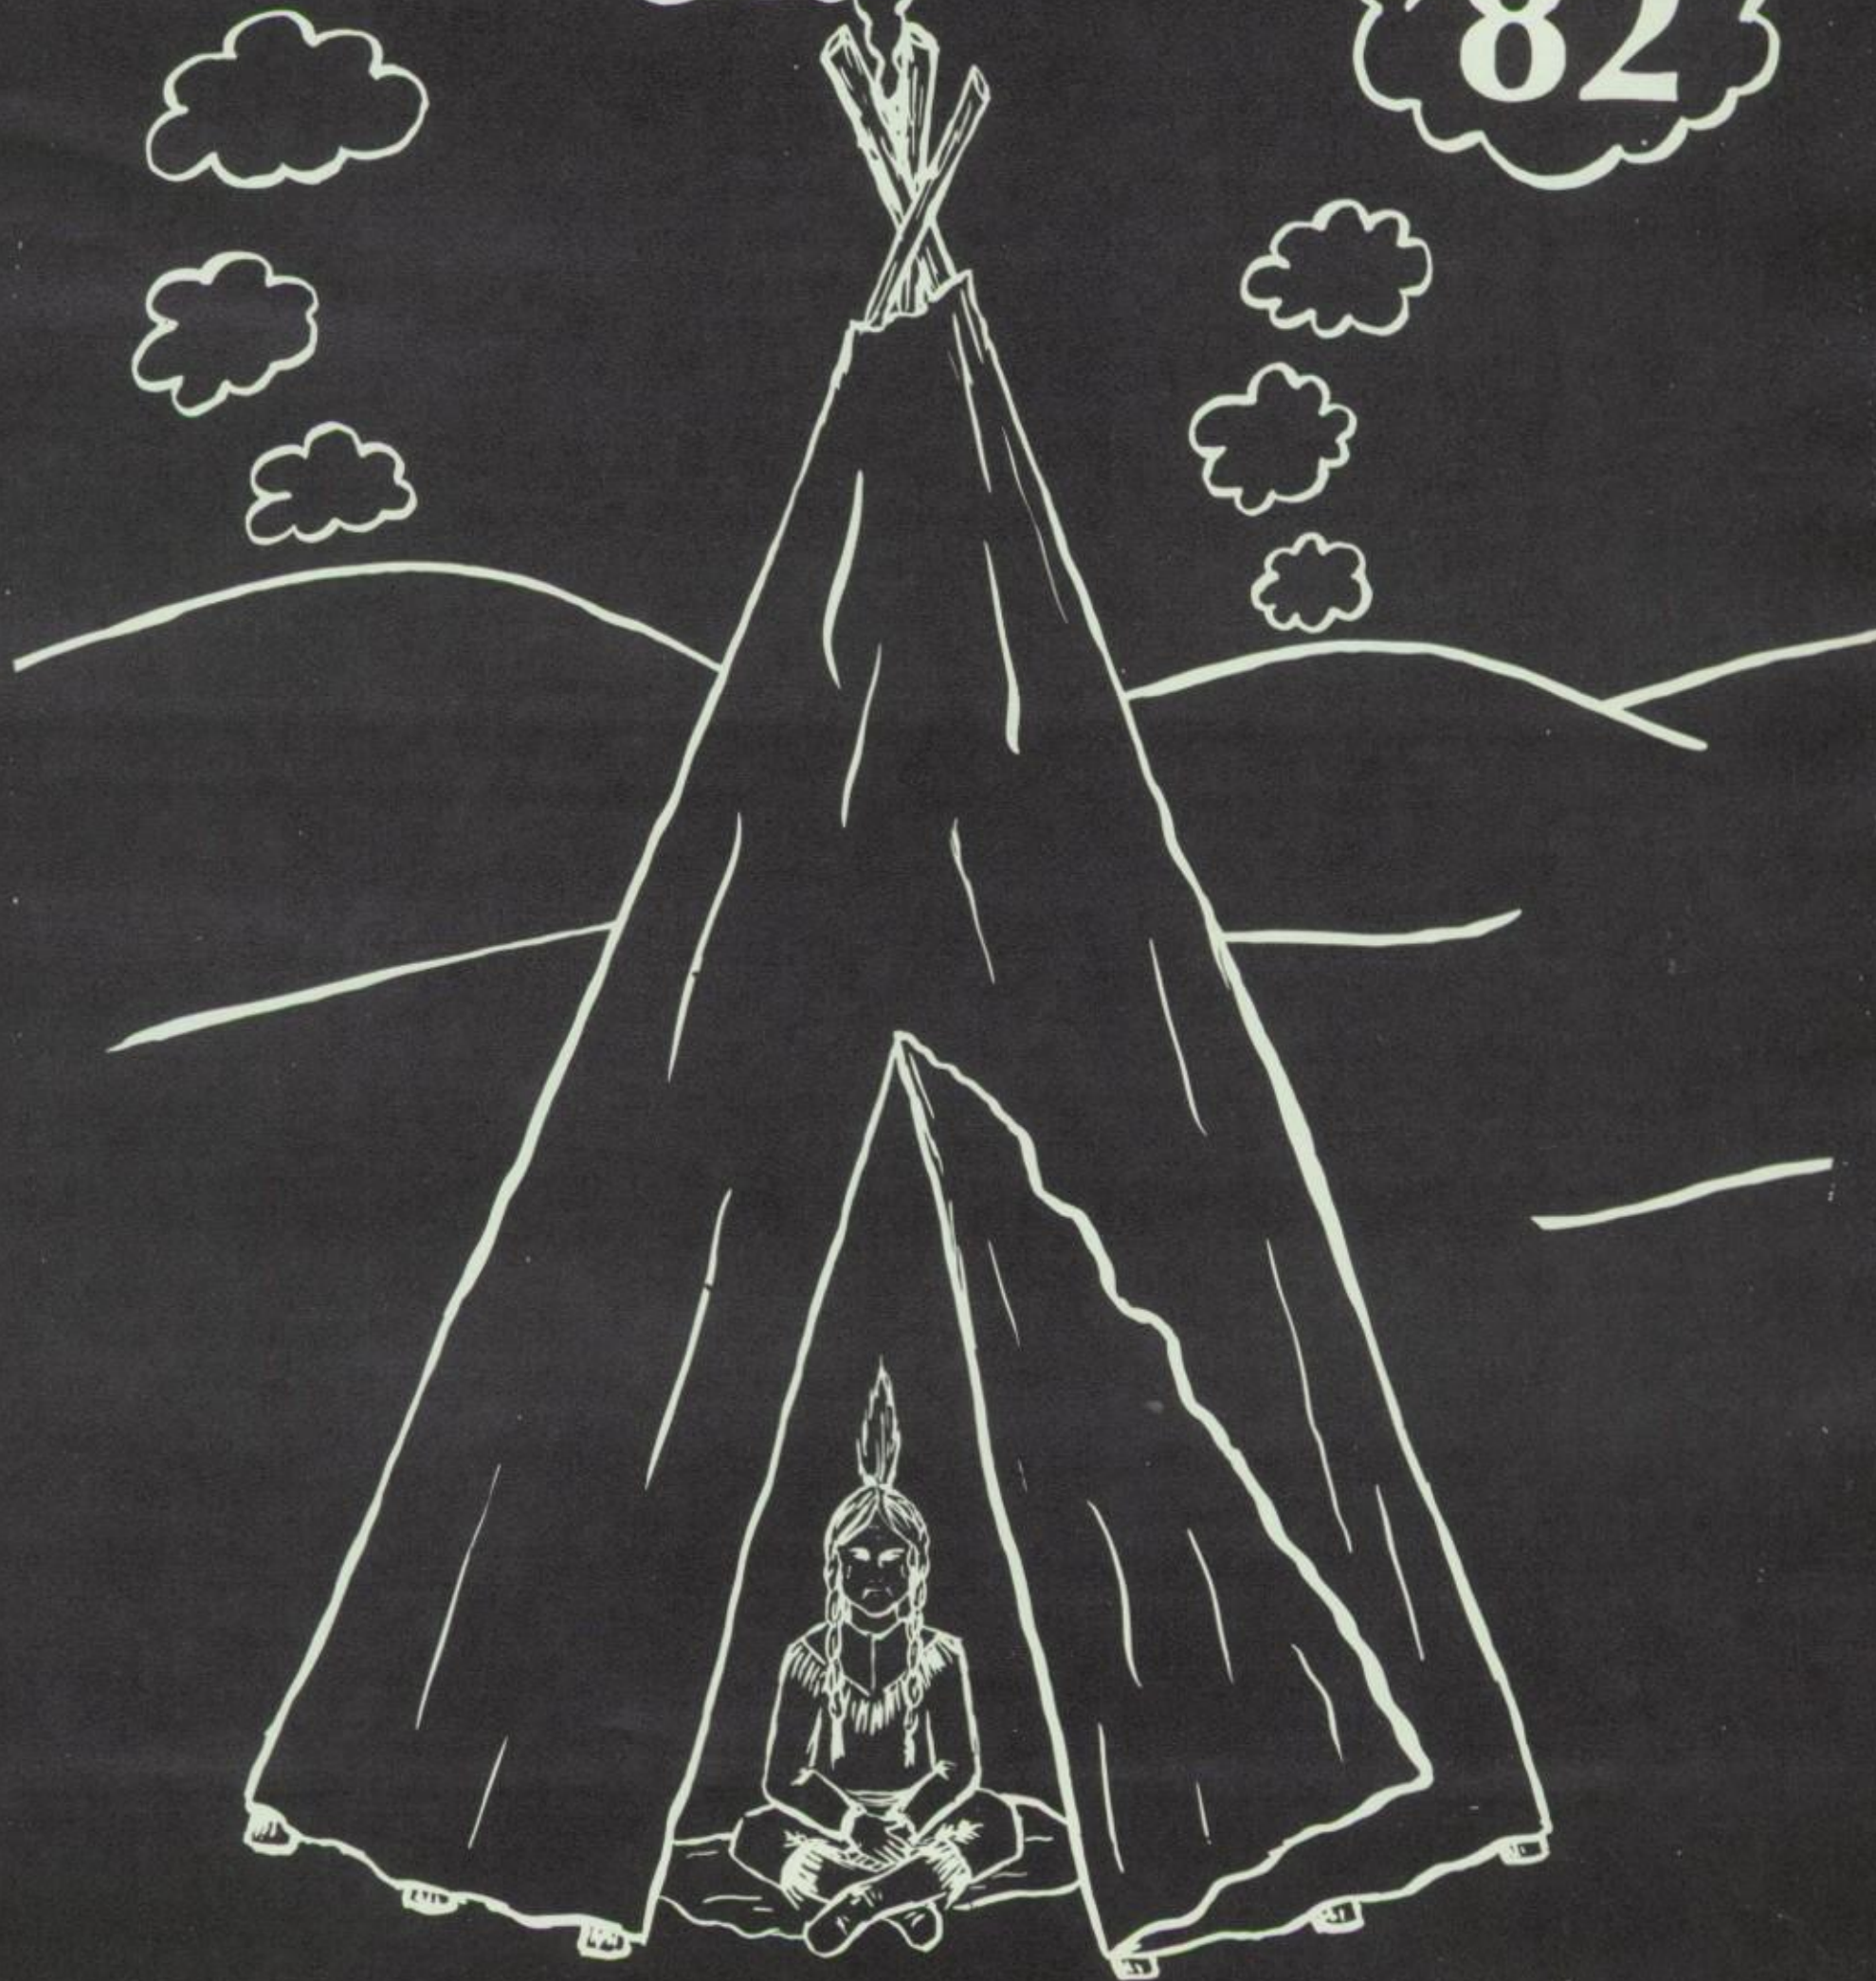

The values players learn through athletics will benefit them throughout their lives. To be an athlete, one must sacrifice much time and put forth extra effort. Each athlete learns through winning, the pride of hard work, through losing combined with the ability to adjust and "come back", and most importantly, the athlete learns through teamwork, the ability to communicate and cooperate with his fellow man.

As coaches, we want each of our players to demonstrate the highest degree of sportsmanship. It is hoped that athletes will always be an asset to their school and remain a good example to all people that they encounter.

New AG Building

Mr. Miller thinks: "I couldn't wait until it was finished."

Construction on the new building in full swing.

Highlights School Year

Top Right: Mr. Reginald Gandy was a tremendous help with the construction of the building.

Construction workers pose for the camera.

Because of the fire damage to the old Negreet High School Agriculture Shop, 1981 became filled with hopes of being able to adequately fund construction of a new building.

This job proved to be a difficult task when it was discovered that there were no funds for financing construction of a new one.

A request for the necessary funds was sent to Governor Dave Treen who when recommended to the Department of Public Works the emergency funds be distributed to Negreet. Cost was estimated a approximately \$50,000.00.

The construction company hired to do the job was R.V. Byles Industries. The workers began construction on December 8 and completed the job in mid February.

The new building contains a 20' x 40' classroom, a 40' x 60' shop, a 20' x 40' side shed, and a restroom.

The following people deserve special recognition for their concern and help with this project: Lambert Peterson, Lynn Wooley, Buddy Veulman, Conrad Cathey, Reginald Gandy, Valmore Byles, Dr. Warren Founds, Se. Bryan Poston, Pet Abington, Rep. M.H. Fowler, Gov. Dave Treen, Tommy Langton, Sonny Miller, and the Department of Public Works.

What It Took To Make The Indian

Shirely De Duf — Advisor

Djuana Blackwell

Leslie Rash

Bettina Drew

Carol Tarpley

It wasn't easy to produce the 1982 *Indian*. It took a lot of hard work, dedication, and perseverance from many people.

Each person on the staff has contributed to the *Indian* in a special way whether by their creativity in laying out their section, their endurance in selling ads, or just their participation in class each day.

When I look back at what all we did to make the *Indian* 82, I remember Djuana always trying to sneak up on someone to get an unposed picture; Leslie's goffiness; Nona trying to fit 50 class pictures, 1 snapshot, and a paragraph of copy on 1 page; Rob's brilliantly creative layouts; how much Bettina and Carol enjoyed yearbook camp; and last but not least, trying to teach Kent how to write up a bill for an ad.

The Yearbook Staff and I would like to thank Mr. R.H. Anderson and Mrs. Billie Sepulvado for their help, support, and time.

These things and much more are what it took to produce what we hope you will think is a successful yearbook.

Sincerely yours,

Kay Walker
